Sir.

I have the honour to report that on the 16th February 1902 in the evening at 5 P.M, when I was travelling from Sankere to Lakkavalli a Servant who was escorting the office cart which was behind me at a distance of a mile and a half on the tank bund of Mudagodu village about 2½ miles from Lakkavalli, came running and reported to me that the cart was on fire. I immediately repair-ed to the Spot with my Head Clerk and found that

No 1221.

the fire was due to the
wife Cartage Contr.

that the top of the cart, its wooden frame + c was
mostly consumed, and that the wheels had also
caught fire and were burning. The office Servants
and the cartman were trying hard to quench
the fire by means of water, which they were bringing
in small pots (chambers) which they had with
them. They had also Some burns on their
persons in their attempt to rescue the office
records which were secured in deal wood e
boxes and which were also burning. The wind
just then was blowing high and it was not
possible for them to rescue the contents of the
cart unhurt, except a tent carpet, some maps
and pocket testing instruments. A few records
which were pending disposal with me were also
recovered though they were damaged a little.
It appears that the cartman had stored Some
straw for his bullocks on the cart and this and
the other contents of the cart such as Camp table,
chair, record boxes + c which were all inflammable

articles

articles including the cart itself & soon fell a prey to the fire which was uncontrollable. The cause of fire could not be definitely traced to anybody. It may be that the cartman who appears to be in the habit of smoking may have been the cause for this. But this is a mere guess of mine as no body who was following cart could give me a correct account as to the cause of fire. At any rate I am satisfied that the act was not wilful on the part of anybody. It was purely accidental brought about by the carelessness of either the cartman or the office Servants or both. I very much regret the incident which was the first of its kind in my life.

I enclose a list of articles that were destroyed or damaged by fire and request that as they could not be put right they may be kindly ordered to be Supplied to me as early as possible so that the

work may not suffer.
